"We are pleased with our first half 2013 financial results; having operated under the revised CBN guideline on bank charges in the second quarter of the year, I am glad to announce that our plans to minimise the effect of the reduced fees and commissions are working. Our business fundamentals are improving with increased revenues from loans growth, stable funding costs arising from cheap deposits mobilization and improved asset quality.

We will focus on driving our business to gain market share and optimize our balance sheet to enable us deliver value to our stakeholders." said Mr. Oduoza, UBA's Group Managing Director and Chief Executive Officer.

### Conclusion

"UBA's half year results represent another bold step by the bank in its pursuit of industry leadership. The decisions we have taken so far are paying off, having recorded an improvement in revenue, as indicted in our guidance for the year. We were also encouraged by the growth in our Africa subsidiaries, which benefited from the strategic business alignment that has commenced. Thirteen of our eighteen bank subsidiaries recorded profit in the first half of the year.

"The results reflect continued improvement in asset quality; disciplined expense management and an articulated execution of our three year strategic plan. We are well positioned for growth based on our solid balance sheet footing, robust capital and liquidity positions. We continue to benefit from the successful execution of quality relationship management process which is driving client acquisition and engagement. To maintain the positive momentum, we will continue to harness new efficiency initiatives, increase lending to key growth sectors of the economy, continuously develop our platforms to sustain synergies among the Bank's African subsidiaries and identify viable opportunities to leverage our strong capital position and make the right investments in our business."

"While economic growth remains modest, there are signs that business returns will be much better. Our customers are the reasons we are in business, and we will not relent on our efforts to seek new and innovative ways of delivering unique and value adding products to meet their banking needs" said Phillips Oduoza, Group Managing Director and Chief Executive Officer, UBA.

Forward looking statements include, but are not limited to, statements regarding the Bank's objectives and priorities for 2013 and beyond and strategies to achieve them, and the Bank's anticipated financial performance. Forward looking statements are typically identified by words such as "will", "should", "believe", "expect", "anticipate", "intend", "estimate", "may" and "could".

By their very nature, these statements require the Bank to make assumptions and are subject to inherent risks and uncertainties, general and specific. Especially in light of the uncertainty related to the financial, economic and regulatory environments, such risks and uncertainties – many of which are beyond the Bank's control and the effects of which are difficult to predict – may cause actual results to differ materially from the expectations expressed in the forward-looking statements. Risk factors that could cause such differences include: credit, market (including equity, commodity, foreign exchange, and interest rate), liquidity, operational, reputational, insurance, strategic, regulatory, legal, environmental, and other risks. All such factors should be considered carefully, as well as other uncertainties and potential events, and the inherent uncertainty of forward looking statements, when making decisions with respect to the Bank and we caution readers not to place undue reliance on the Bank's forward looking statements.

Any forward looking statements contained in this presentation represent the views of management only as of the date hereof and are presented for the purpose of assisting the Bank's investors and analysts in understanding the Bank's financial position, objectives and priorities and anticipated financial performance as at and for the periods ended on the dates presented, and may not be appropriate for other purposes. The Bank does not undertake to update any forward-looking statements, whether written or oral, that may be made from time to time by or on its behalf, except as required under applicable securities legislation
