### CAUTION REGARDING FORWARD LOOKING STATEMENTS

From time to time, the Bank makes written and/or oral forward-looking statements, including in this press release and in other communications. In addition, representatives of the Bank may make forward-looking statements orally to analysts, investors, the media and others. All such statements are intended to be forward looking statements. Forward looking statements include, but are not limited to, statements regarding the Bank's objectives and priorities for 2013 and beyond and strategies to achieve them, and the Bank's anticipated financial performance. Forward looking statements are typically identified by words such as "will", "should", "believe", "expect", "anticipate", "intend", "estimate", "may" and "could".

By their very nature, these statements require the Bank to make assumptions and are subject to inherent risks and uncertainties, general and specific. Especially in light of the uncertainty related to the financial, economic and regulatory environments, such risks and uncertainties – many of which are beyond the Bank's control and the effects of which are difficult to predict – may cause actual results to differ materially from the expectations expressed in the forward-looking statements. Risk factors that could cause such differences include: credit, market (including equity, commodity, foreign exchange, and interest rate), liquidity, operational, reputational, insurance, strategic, regulatory, legal, environmental, and other risks. All such factors should be considered carefully, as well as other uncertainties and potential events, and the inherent uncertainty of forward looking statements, when making decisions with respect to the Bank and we caution readers not to place undue reliance on the Bank's forward looking statements.

Any forward looking statements contained in this presentation represent the views of management only as of the date hereof and are presented for the purpose of assisting the Bank's investors and analysts in understanding the Bank's financial position, objectives and priorities and anticipated financial performance as at and for the periods ended on the dates presented, and may not be appropriate for other purposes. The Bank does not undertake to update any forward-looking statements, whether written or oral, that may be made from time to time by or on its behalf, except as required under applicable securities legislation
